

USBAY Pilot Readiness Report

Generated 2026-06-05T19:36:51Z | usbay.pilot_readiness/v1

OVERALL READINESS: PARTIALLY_READY

Sections: 7 ready, 3 partially ready, 0 not ready (of 10). Evidence: 25 of 28 artifacts present. A section that references any missing evidence cannot be reported READY; overall posture is the fail-closed roll-up of section statuses.

Invariants: USBAY ENFORCEMENT_AUTHORITY - Euria ANALYSIS_ONLY - Human approval MANDATORY - Fail closed DEFAULT

1. Governance Controls

READY

Policy controls, ruleset baseline, and release manifest are defined and version-pinned.

- [OK] Production readiness lanes - governance/production_readiness_lanes.json sha256:1236f4e060d23029
- [OK] Policy pack - governance/policy_pack.py sha256:d351a0636bb21c46
- [OK] Policy release manifest - governance/policy_release_manifest.json sha256:a9b065fe3d6fc729
- [OK] Repository rulesets - repo_rulesets.json sha256:e8e9c3a825362f46

2. Trust Infrastructure

READY

Hardware trust root, timestamp anchoring, and key custody are provisioned.

- [OK] Hardware trust root authority - governance/hardware_trust_root_authority.py sha256:6ec6b2376da59d0c
- [OK] Timestamp anchor (RFC3161) - audit/anchor.py sha256:c5dccd8c1e98e02b
- [OK] Vault key custody config - vault/config/vault.hcl sha256:d863538a8305c2ed

3. Licensing Status

READY

Governance Runtime License terms are bound to the active policy release.

- [OK] Policy release manifest (license binding) - governance/policy_release_manifest.json sha256:a9b065fe3d6fc729
- [OK] Licensing lifecycle evidence - evidence/lifecycle_journey_full.png sha256:4a06e382fac79de9

4. Independent Assurance

READY

Audit verification, external verifier federation, and auditor bundle are available.

- [OK] Audit verifier - audit/verify.py sha256:ea5ee90afdaa1991
- [OK] Audit chain verification script - scripts/verify_audit_chain.py sha256:e96ddb6b8f374eb5
- [OK] Auditor verification bundle - governance/auditor_verification_bundle.py sha256:1bb97e4c26eb132d
- [OK] External verifier federation - governance/external_verifier_federation.py sha256:f11f26b0272b8539

5. Customer Journey Readiness

READY

End-to-end governance journey and evidence-package deliverables are demonstrable.

- [OK] Lifecycle journey artifact - evidence/lifecycle_journey_full.png sha256:4a06e382fac79de9
- [OK] Evidence package journey artifact - evidence/evidencepkg_journey_full.png sha256:0cb7e25bde3040b8

6. Reference Architecture Readiness

READY

Enterprise reference architecture is documented for prospect review.

[OK] Enterprise architecture - docs/pilot/USBAY_ENTERPRISE_ARCHITECTURE.md sha256:19c246a5fa350be5

7. Certification Readiness

PARTIALLY_READY

Release-readiness audit and a signed CI evidence manifest are present.

[OK] Governance release readiness audit - docs/usbay-governance-release-readiness-audit.md
sha256:9d5aef1749459c85

[MISSING] CI evidence manifest - evidence/governance-evidence-manifest.json

8. Deployment Readiness

PARTIALLY_READY

Production verification, deployment package, and signed release manifest are in place.

[OK] Production readiness verifier - scripts/verify_production_readiness.py sha256:e6495c9b1a452e4a

[OK] Production deployment package - deployment/production

[MISSING] Signed governance release manifest - governance_release.json

9. Operational Readiness

READY

Live-pilot verification, operating checklist, and tamper-evident ledger are operational.

[OK] Live pilot verifier - scripts/verify_live_pilot_v1.py sha256:f9e067293933e17f

[OK] Production readiness checklist - docs/usbay-production-readiness-checklist.md sha256:c8e0d26770eb922f

[OK] Audit hash chain - audit/hash_chain.py sha256:7012c1523fc52097

[OK] Audit ledger - audit/ledger.py sha256:f08866d9afe93c60

10. Remaining Open Risks

PARTIALLY_READY

Incident register, runbooks, and governance provenance close the residual-risk loop.

[OK] Incident register - governance/incidents.py sha256:3a9b8837054519db

[OK] Incident runbooks - governance/incident_runbooks.json sha256:16982c9d2c186927

[MISSING] Governance provenance - evidence/governance-provenance.json
